TV & Bollywood fames namely *Imtiyaz Ali*, *Vishal Bharadwaj*, *Dilip Joshi* & *Upasna Singh* have also showered their praise for Priyank's books. Priyank is the author of two popular commercial fiction novels; *I am dead but my heart beats* (2014) & *God & his girlfriend* (2016).

I am dead but my heart beats is a saga of four youngsters, who encounters the orthodox belief of Indian society that love outside one's community is a violation of the social norms. Every year, more than 1000 youngsters in India either commit suicide or they are killed just because of the fact they fell in love outside their community. This book challenges those ideologies with the spiritual arguments; the book also highlights the 2013 Muzaffarnagar riots, tying up communalism, humanity and love.

Priyank's latest release ***God & his girlfriend*** is a story of love, passion & patriotism. The story revolves around two young Indians who strive hard against their comfort to live with their passion. A boy from the slums and a girl from a rich lavishing family set out on an embarking journey to touch the moon. This takes them through many tests, eventually tying them up in love, followed by an unforgettable service to the nation as true stalwart patriots. From the **PoK** they bring for us the reasons for why targeting a particular religion after any terrorist attack isn't a sane act.
